Silberman College of Business

APPLIED LEARNING WITH TANGIBLE EFFECTS

Every. Single. Day. That's how often you'll use what you learn at Silberman to take your career to new heights and make a lasting impact on the global business industry. Our [business programs](#) are [accredited by AACSB International](#), a signal to top employers that you received a rigorous education requiring critical thought, analysis, agility, and leadership — top in-demand skills.

Learn from [faculty who have years of experience](#) leading their industries. They'll take you far beyond theory and hypotheticals, to solve real challenges the business world faces today. You'll **adapt to shifting demands, anticipate evolving markets, and position yourself as a manager and leader.**

PLUG INTO A PROFESSIONAL ECOSYSTEM

As active working professionals, your professors are also vital contacts to the companies and organizations where you want to launch the next phase of your career. Our [extensive alumni network](#) gives you **access to senior management** at the Big-4, as well as small and mid-sized firms.

Plus, our [partnerships with corporations](#) in the area deliver the opportunity to forge relationships while building your skillset. You'll graduate with the connections to **improve your social, economic, and global mobility.**

LEARN IN THE CENTER OF BUSINESS

Our location in the New York metropolitan area puts you in the center of the global hub of business and commerce. And our campuses in Vancouver, Canada and Wroxtton, England deliver an international education experience with expanded connections to worldwide economies and industries.

LEVEL-UP AND LEAD

Precise expertise and skills are always in demand. Our [MBA specialization areas](#) and [graduate certificate programs](#) allow you distinguish yourself and rise to senior leadership roles faster. These focused tracks include industries with exponential growth like **supply chain management, data analytics, and international business**. You can follow your specific career interests with the confidence you'll gain to the knowledge and adaptable skills to thrive in the evolving business world.

Achieve career success without limits. Our focus on applied learning prepares you to become an ethical leader in your chosen industry. Some of the avenues our graduates pursue include:

- › Corporate Accounting
- › Global Corporate Operations
- › Management Consulting
- › Marketing Strategy And Research
- › Risk Management
- › Insurance
- › Financial Planning

Graduates often secure positions like:

- › CPA
- › Data Analyst
- › Business Intelligence Manager
- › Commodities Trader
- › Pension Fund Manager
- › Insurance Adjuster

SKILLS FOR EVERY SITUATION

The world of business shifts constantly. And personal goals change. Silberman equips you with the skills and knowledge to succeed not only today, but wherever the future of business goes. You'll learn to **think critically, analyze data, communicate clearly, make informed decisions, pivot** based on new information, **manage projects, innovate, and develop new knowledge** as you solve real business problems. Each of these skills is relevant whether you work in finance, insurance marketing, financial planning, accounting, or a field that doesn't yet exist.

There's more than one way to lead. Through our [special consultative status with the UN Economic and Social Council](#), Silberman graduate programs foster **ethical decision making and global engagement**. You'll learn how to manage and lead responsibly as you apply those skills daily to tackle real-world business challenges.

STORIES OF SUCCESS

The continued success of our alumni shows the difference a Silberman graduate degree makes. Read more about their experiences as a student and after graduation below.

“The MS Accounting program at FDU is taught by highly-qualified professors who are not only teachers but are working professionals in their respective fields in Corporate America. They bring their real-world experience to the classrooms enriching the minds of the students with knowledge. They are always open to answer questions and share their opinions with the students. Leveraging the connections with the corporate world that our professors and students have provides us with a gamut of networking opportunities.”

– Mala Paliwal, MS in Accounting '07
Associate, Assurance Practice, PricewaterhouseCoopers

“I highly recommend the FDU graduate program due to the wide-ranging impact in helping me to lead a police division and a fire division and OEM of more than 2500 employees. People say that experience is the best teacher, but I believe that experience is only one part of success. Gaining a great education such as the one I achieved from FDU will add solid credibility to your future.”

– Anthony Ambrose Public Safety Director, City of Newark, NJ

“The top-tier engagement of faculty and students can never be underestimated in contributing to the success of future endeavors, both personally and professionally.”

– Lawrence C. Anderson, Program Manager of Compliance and Regulatory initiatives for a prominent NYC health insurance company

“It's without a doubt that this program will propel me in my career. Our professor's knowledge of the topic is exceptional and the assignments are ideal for day-to-day application in my professional career. As a Senior Program Manager for Capital Projects in the transportation industry, our Budget and Finance class...gave me the financial tools needed to properly manage and guide my portfolio.”

–Amadou Bah, PE, PMP, Senior Program Manager with PATH
